Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claims 1-4 are rejected under 35 U.S.C. 102(a) as being anticipated by Masahita et al. (JP 11-135390) (hereinafter Masahito).

As to claims 1 and 3, Masahito teaches a semiconductor wafer having circuits formed on the front surface of a wafer 1 (abstract, line 15) or base plate, wherein an ID mark (abstract, line 16) is formed in the interior of the base plate or wafer at a predetermined position devoid of the circuits. See abstract. Note that when the laser beam is irradiated on the back or side surface of the wafer, it is consequently left the printed ID on the interior of the base plate or wafer.

As to claims 2 and 4, the ID mark is formed by converging a laser beam (abstract) at a focal point in the interior of the base plate or wafer. See (abstract).

Response to Arguments

3. Applicant's arguments filed 12/21/04 have been fully considered but are moot in view of the new ground of rejection.

Conclusion

4. Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 12/21/04 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 609(B)(2)(i). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
